

Transfer Station Update

September 12, 2022

- 1) We issued six new stickers this past weekend for a total of 2250 vehicle stickers.
- 2) We had 267 items taken from the swap shop this weekend for a total of 6177 items since it opened. We have started discussing the closing date of the Swap Shop. It looks like it will be around the end of September to the middle of October.
- 3) We had to have one bulky and a cardboard container emptied this week.
- 4) Things are slowing down with less material being brought in to the Transfer Station.
- 5) We have ordered a door for the paper container. It should be arriving in about three weeks. Our hauler, Cody Kelley, is getting the door for us.
- 6) We have painted the bottle rooms. Many thanks to the American Legion and the Tacoma Lakes Association for their donations of paint and siding.
- 7) We are still waiting for the Freon people.
- 8) We are still waiting for the third pad to be poured. It will be a great thing to have all the recyclable containers up together which will facilitate the resident usage.

Respectfully Submitted
