

Transfer Station Update

May 23, 2022

- 1) We have issued 2102 stickers.
- 2) We have had 913 items taken from the swap shop since it opened.
- 3) The leaf and brush pile are still seeing usage from the residents. It seems that the beginning rush has died down.
- 4) We had to empty both bulky's, the paper, and metal container this week. We have started sending the cardboard to Casella's although we didn't need to send a cardboard container this week.
- 5) We have asked Kelley Brothers to have an extra bulky container for Memorial Day weekend. They said that they could support this.
- 6) The tin container is getting full and will have to be emptied next week.
- 7) We have bush hogged the cemetery on Pine Tree Road. We had issues with shear pins and it took us two weekends to accomplish the bush hogging. We have also had the gearbox on the bush hog start leaking. We will be looking into this and fixing it.

Respectfully submitted

Transfer Station Report

May 31

- 1) We have issued 2109 stickers.
- 2) We have had 1202 items taken from the swap shop since it opened.
- 3) The leaf and brush piles are piling up.
- 4) We had to have both bulkies, one cardboard and the tin containers emptied this week.
- 5) Kelley Bros. dropped an extra bulky container to "support" this weekend. We didn't have to use it, which is good.
- 6) We started to bush hog the "mound" this week end. Larry and Justin got the front of it done and will continue next weekend. It looks really good.
- 7) We have figured out that the gearbox was overfilled and we have corrected that.
- 8) I had a discussion with Justin this Sunday pertaining the amount of his bill. We settled on \$100 and when I went down in the afternoon to cash out, he said that it was a donation to the town. I felt good about that. We also agreed that the Transfer Station would not be using his trailer again.. That was understood.
